Junior Division—Grades 7-8 & Senior Division—Grades 9-12

Competition consists of 4-member teams and individual competition. Each contestant receives an individual score and the four team members' scores are combined into the team's total. Awards are presented to both team and individual winners in both Jr and Sr Divisions. Contestants can compete just as individuals, you do not have to be on a team to compete. To prepare for the contest, study the 2016 Forestry Contest Manual, the "Regional Noxious Weeds" booklet, and "Logging Selectively." The updated Manual is online at the websites below, and if you need either of the 2 booklets, call Tom Johnson at 263-5104, and you can call Tom for coaching assistance if needed.

Rookie Division - Grade 6 ~ or ~ Novice Division (non-competitive)

Two options for grade school students. **Rookies** are 6th graders (or younger) who study the manual and register to compete in the **Rookie Division**. The **Rookie** course has 4 scored stations: Tree ID, Compass & Pacing, Cruising, Scaling, and 2 Introductory stations (not scored): Silviculture and Map Reading. **Novices** are grade school students who do not want to compete, but register as **Novices** and are given an introductory "Forestry Tour" led by a professional forester aimed at students who have never been to the Forestry Contest before. Teachers can choose to register part of their classes as Rookies & the rest as Novices

Download 2016 Forestry Contest Manual - 2 chapters updated - 1.0 Scaling & 2.0 Cruising

The Forestry Contest Manual is posted online at www.bonnorswcd.org - under Youth Programs – Forestry Contest, and on the IDL website at www.idl.idaho.gov/forestry/contest/.

Contact Forestry Contest Coordinator Karen Robinson, IDL, at 263-5104 or krobinson@idl.idaho.gov if you have any questions about registration or the Manual.
